

At the end of this unit you will be able to use science process and thinking skills by:

- Planning and conduct an experiment using standard scientific methods to solve problems, use correct safety procedures, and show how science is useful in everyday life
- Using inferences and evidence to draw conclusions.
- Constructing, labeling & discerning the different types of graphs.

**Introduction to the Science
Unit Check List**

_____/30 Notes

_____/20 Fact vs. Inference Worksheet

_____/32 Using the Scientific Method in Agriculture Worksheet

_____/52 Bubbles Lab

_____/35 How to Graph Data Worksheet

_____/50 Quiz
